# BLCC

**TUESDAY, DECEMBER 13 • 1:00PM**

Heartland Livestock, Virden, Manitoba

# BLCC

## WELCOME TO THE SALE

Welcome to Bonchuk Farms Production Sale 2016! The sale offering this year is very strong and is a great representation of our breeding program. We have invested in sires that work well for us; sires that are dependable, predictable, and respected throughout the breed. The heifers offer a diverse selection in type and colour pattern; but they are all consistent in their quality as seed stock females.

The top choices that ranchers have made both in the bull pen and in owning top quality females will really show up in this portion of the cattle cycle. High production cattle will still make your bottom line stay very positive.

Please feel free to come to the farm to view the offering. The cattle will also be available for viewing in Virden at the Heartland Livestock yards beginning December 11th.

We are always thankful to be working with Bouchard Livestock International. Brian Bouchard has been through the herd several times so you can call him or any member of his sales team to discuss your buying needs. Mark Shologan of DLMS will be live-broadcasting the sale so you can participate online if you cannot make it sale day.

Once again we hope you can attend to participate in our amazing Perogy lunch. As usual we will be doing the Bonchuk hospitality for all our cattle friends and we welcome everyone to come and enjoy the spirit of our business and celebrate the Christmas season. A highlight for us, its one of the few chances we get all year to enjoy a visit with everyone.

Great Cattle – Great Food – Great People. After all these years it really is that simple.

Merry Christmas to all our friends from all of us at Bonchuk Farms! - Bonchuk Farms Families

**Red & Black Purebreds**

# WELCOME BOUCHARD LIVESTOCK

Welcome to Bonchuk Farms Annual Female Production sale. The Bonchuk 2016 offering will consist of all bred heifers. Heifers that are either safe to an AI service or exposed to breed leading walking calving ease sires, with an exact breeding date or a short exposure. The bred heifers on offer will be sisters to the bulls that were so well received in their February Annual Bull Sale. 2016 has been a year of massive fluctuations in both the price of commercial feeder cattle and of course the weather. November has certainly allowed a number of producers to finish their silage and grain harvest. Unfortunately there is still an amount of grain in the fields for some producers to contend with. Reports on grain yields sound extremely positive. In the last three weeks I have seen the commercial cattle market stabilize, and most producers seem quite happy with returns. Many cattlemen are quick to comment that this is 2016 not 2015, but they still received the third highest price ever for their calves. Having said all of this the purebred and commercial industries are positioned for one of those years with loads of upside and opportunity. These heifers are the factories that produce the bulls for you. The Bonchuk fall female sale has certainly been a place to source replacements in past years. Give Dave or Wayne a call and discuss the heifers and their respective services for 2016. Our staff here at Bouchard Livestock are very familiar with the cattle on offer. We would be available to assist with your selection and to represent your interest sale day if required. Hopefully we will get a chance to visit with you sale day in Virden. Merry Christmas

- Brian Bouchard

Typical of the Stubby progeny, this black blaze faced female displays huge capacity, exceptional udder development and tremendous eye appeal. 2C comes from a powerful full Fleckvieh female that always gets noticed by visitors, and comes from a long history of great producing females. The Vision calf she is carrying will certainly be a valuable addition to any program. The Vision progeny have commanded top dollar last year.

Bred to Mr CCF Vision on May 14, 2016. No exposure.

A tremendously long bodied female. Sired by Identity, who has made a great impression within the industry, and mothered by a hardworking 1st calver that did a super job with 10C. Great cow family behind this female, the grand dam, 148X, is a cow we are considering entering into our flush program in the future. Being bred to Red Rock will only add more value to this promising female.

Bred to KWA Red Rock 5T on May 9, 2016. No exposure.

You just have to love the depth, capacity and do-ability this heifer displays. This red blaze face daughter of Stubby has been a standout from day one. Her tremendous presence and eye appeal always demands visitors attention. Strong maternal side to this heifer – cow family goes back to the great 97D who has raised an Agribition Champion, and the dam to this great heifer has placed offspring in the programs of Skyridge Farms, Maxwell Simmentals, and AJB Livestock. To make it more exciting she carries a service to the high seller at the last R Plus Sale. 5015C is a new sire we are expecting to impact our program in a great way in the coming years.

Bred to R Plus 5014C from April 20 to June 10. Observed April 30, 2016.

 MS PRL NITE-ANCHOR 109B  
 KNIGHT MR T 255T  
 ANCHOR "T" YUTTE 28G

A moderate, beefy Baron daughter that comes from a great cow family purchased at the MFI dispersal. The 29N cow was a very powerful female and one we had full intentions of building a program around. We chose to breed this heifer to the Sheriff bull; the polled blaze face calf should be impressive.

Exposed to Kuntz Sheriff 8A on April 22 to June 28, 2016.

## Additional Sale Information

**Delivery** Bonchuk Farms will assist in arranging trucking for your purchases to central points across Canada. All cost associated with shipping will be the responsibility of the new owner.

**Herd Health** All bred cattle received Express 5 before breeding and the total herd has been on the Express program for over 10 years, making the ranch BVD-free. Bred heifers also received black leg vaccine before breeding. All pregnant cattle will have had their first shot of Scour-Bos vaccine and treated with Ivomec.

## Terms & Conditions

The terms of the sale are cash or cheque payable at par at sale location unless satisfactory credit arrangements have been made prior to the sale. The right of property shall not pass until after settlement is made. Bouchard Livestock Ltd reserves the right to require a certified cheque as settlement before releasing any sale cattle. Should the purchaser fail to settle for his purchase, Bouchard Livestock Ltd. reserves full power to resell the animal to the best advantage, either publicly or privately, without further notice. Any loss arising from such resale, together with keep and all other expenses shall be payable by the defaulter. All settlements must be made with the clerks of the sale before any cattle will be released. The owners, Bouchard Livestock Ltd., and sale staff have the right to refuse bids from anyone who has a previous record of default in payment and/or who has not made prior credit arrangements prior to the sale with the owners and/or sale management.

**Bid** every animal consigned to the sale must be sold by auction. No by-bidding will be permitted. Each animal will be sold to the highest bidder.

**Disputes** in cases of disputes, bidding will be reopened between the parties involved. If no further bid is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters will be final.

**Purchaser's Risk** each animal becomes the risk of the purchaser as soon as sold.

**Announcements** from the auction block will take precedence over printed matter in the catalogue. Buyers are therefore cautioned to pay attention to any such announcements.

**Certificate of Registry** the proper registration of recordation paper, as the case may be, will be duly transferred and furnished to the buyer for each animal after settlement has been made.

Shipping assistance will be given in making shipment after the sale, but sale management or seller assumes no risk. Expenses incurred are the responsibility of the purchaser. Purchasers are requested to furnish shipping instruction when making settlement.

**Catalogue information & announcements** EPDs are current and up-to-date as of publication date. Information in this document is believed to be accurate but any updates at the sale by the owners, auctioneer or sales management will take precedence over the information provided in the sale catalogue. Pedigrees in this document have been supplied by the breed association and all other information has been supplied by the consignor.

**Guarantee** All animals will carry standard breeding guarantee as specified by the applicable Canadian breed association. At no time shall the seller's liability exceed the purchased price of the animal.

**Exception to guarantee** In cases where the animal is subjected to any hormonal or surgical reproduction techniques after the sale, the guarantee shall be null and void. In the cases of bulls, they are guaranteed to breed naturally according to applicable Canadian breed association guarantee, but no guarantee is given that semen from any bull will freeze.

**Health** It is the buyer's responsibility to determine health requirements for importing any animal into his province or state. Bouchard Livestock Ltd assumes no responsibility for the health status of any animal in the sale.

**Accidents** Although every precaution will be taken to protect the safety and comfort of buyers, neither the sale management, auctioneer, or association assumes any responsibility in this matter and disclaims any liability legal or otherwise in the event of accident or loss of property.

**Rights and obligations** The above terms and conditions of the sale shall constitute a contract between the buyer and the seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction and the rights and the terms and conditions of this sale do not cover obligations of the two parties connected thereto.

**Bouchard Livestock Ltd** is agent only it is clearly understood that Bouchard Livestock Ltd. acts only as agent between buyer and seller and is not in any way responsible for any failure by either party to live up to his or her obligations. Bouchard Livestock Ltd does not assume any financial obligations to collect or enforce collection of monies by either parties, and in exceptional case, any legal action will be between buyer and seller. Bouchard Livestock Ltd has no ownership of the facility and assumes no responsibility for the operation of said facility.
